any color you want, we can match it.

With the Custom Paint Program you can have the cabinetry painted in any color you want. Simply choose a color from any paint manufacturer and we will create a sample for you to approve. You are not limited to the colors shown in this brochure. The possibilities are almost endless. Use this program to create unique cabinetry that reflects your taste and lifestyle.

glaze over paint

The profiles of doors, drawer fronts and large mouldings are highlight glazed by hand. The highlight glazing affects only the areas where the glaze is applied, the rest of the product does not change color. Since glazed cabinetry is hand finished, no two doors are exactly the same.
